

WILLIE TRIES TO IMPROVE THE ART OF SELF DEFENSE

DEAR TOMMY: We have a gym. in the garage now, and Papa's got a physical instructor. Papa gets awfully provoked when the Professor ducks his head out of reach, so I fixed up a scheme like this. The Professor stood for it once, then he sidestepped and saw the trick. Say, Tommy, he didn't hurt Papa, but he nearly scared him to death. Yours, etc., **WILLIE.**
